

## Technical Data Sheet

# ANTIQ

## PROTETTIVO ANTICANTE - PROTECTIVE AGER

### Description:

Trattamento a base solvente ravvivante di colore ad effetto bagnato, trasparente, impregnante ereticolante per marmi, travertini, pietre, graniticon finitura di tipo grezze, sabbiate, spazzolate, fiammate o levigate. Generalmente applicato quando il materiale risulta scolorito. Il prodotto conferisce un eccellente grado di idro-repellenza. Le superfici così protette resistono per lungo tempo all'azione aggressiva delle piogge acide, degli agenti atmosferici e dei raggi UV. conferisce un eccellente grado di idro-repellenza. Le superfici così protette resistono per lungo tempo all'azione aggressiva delle piogge acide, degli agenti atmosferici e dei raggi UV.

### Shelf life

The product will last at least 12 months if stored in normal condition at 20-25°C, kept away from sun lights, humidity and sources of heat.

### Safety rules

Please read before any usage, the safety data sheet and the rules written on the label on the tins/drums.

### Application surfaces

Marble, granites and other natural stones both rough and polished.

### Instruction for Use

Apply ANTIQ on perfectly clean and dry surfaces, possibly cold and not red-hot due to the sun. The product can be applied evenly by brush, spray or with a preferably non-colored cloth. Consumption doses and quantities of use can vary significantly depending on the material to be treated and the type of finish of the same. After a few minutes of application, it is advisable to remove any product excess from the surface with a clean cloth to avoid the formation of sticky surface excesses. If there is an excess, will result in a greasy surface film. Product coverage if applied manually: around 10 - 30 sq.m. / lt - if applied automatically: around 40 - 70 sq.m. / lt .

### Technical Data

Specific weight at 20°	0.77
Aspect	liquid transparent
Hydro solubility	Insoluble

### Coverage

With one liter of product is possible to treat around 08/12 sqm depending on the surface.

### Packaging

Available in 1 Ltr.
