

TECHNICAL DATA SHEET

BLOW DRYER

Heavy-Duty Carpet Dryer

TECHNICAL SPECIFICATION

FEATURE	VALUE
Power	900w
Frequency	50Hz
Voltage	220V-240V
Cable Length	7m
Weight	16.6kg
Speed	High, Medium, Low
Air Flow Rate	160, 130, 110 cbm/min

DESCRIPTION

- Blow Dryer is a heavy-duty, industrial quality heat blower suitable for continuous duty applications. It produces a high volume of hot air for demanding industrial applications.
- Blow Dryer is equipped with a thermal fuse which will protect the element from overheating or burn out due to a nozzle blockage or motor failure.
