

TECHNICAL DATA SHEET

HSP-650 PLANETARY FLOOR GRINDER

High Speed Grinding and Polishing for Large Floor Projects

TECHNICAL SPECIFICATION

FEATURE	VALUE
Motor	10HP, 3Phase
Working Width	650mm
Plate Version	4 Head
Voltage	415V
Frequency	50Hz
Speed	100-1500rpm
Pad Driver	250mmX4
Water Tank	30L
Weight	296kg

DESCRIPTION

With a three phase 10hp motor, frequency control drive and aluminum alloy gearbox with a planetary drive, this is the ideal machine for grinding and polishing of very large areas of marble, granite and concrete. Folding handle and separable joint design makes for easy transport. It comes equipped with a vacuum pipe, and is suitable for dust free operation.
