## Technical Data Sheet

# GLAZEX-G POLISHING POWDER

### Description

Glazex-G is a high quality polishing powder for all natural and composite stones.

### Areas of Application:

It can be used for on granite, marble, composite marble, limestone, terrazzo etc.

### Technical Data

Coverage: 90-180m<sup>2</sup>/kg  
Color: White  
Shelf Life: 2 years

### Packaging

Available in 250g, 500g, 1kg and 5kg jars.

### Instruction for Use

1. Clean the surface with SURIE POLEX Floor Cleaner Neutral. The surface must be absolutely clean and dry before application.
2. Mix 1 part polishing powder with 2 parts water and pour on to the stone. Massage the solution into the floor with a red pad fitted under a single disc machine. You can alternatively use a felt buff fitted under a floor polisher or slab polisher. Run the machine along any one side of the stone and then at right angles to it.
3. Spray a small quantity of water if the powder dries too fast to avoid burn marks.
4. Buff dry with a white pad to further enhance the shine.
5. Wash the floor thoroughly and vacuum dry.
